

Reading at St Hild's from 2022.

Accelerated Reader – Years 6, 5, 4, 3 and some of year 2.

This year we have introduced an exciting new system named Accelerated Reader designed to inspire our children to build their reading skills, along with their love of reading. Children will also be picking their own books from the area of our school library matched to their reading ability.

How does it work?

- 1) Children complete a STAR Reader quiz in school. This tells staff which area of the library to direct your child to for example 1.2 – 1.8.
- 2) Your child selects their own book from the correct area of the library.
- 3) Your child will bring their book home to read with you and return it to school to read in school each day. Please continue to sign your Reading Together book when you read with your child.
- 4) When your child has completed their book, they will complete an electronic quiz in school.
- 5) Your child will then return to the library to change his / her own book.
- 6) Your child will repeat the STAR Reader quiz at regular intervals throughout the year and adjust the area of the library they need to select books from when they are ready.

We kindly ask that all school books are returned to school regularly. We have also recently invested a large sum of money to help us buy new books for our school library. We kindly ask that all books are returned in a good condition so that we can all benefit from our refurbished library. Please do not remove any stickers from the books as your child will need this information when they return to school.

You can find more information in this guide for parents.
